2022- present

Hacker India | Puducherry-605103

Designer

As a designer at Hacker India, I specialize in crafting intuitive and visually appealing user interfaces. Leveraging my creative expertise, I have successfully completed 2-3 impactful projects, enhancing the user experience and driving engagement. My commitment to merging aesthetics with functionality allows me to contribute to the seamless integration of design and technology, creating compelling digital experiences for our clients.

2023 - present

APJ Space | Puducherry - 605103

Team Leader

As the team leader at APJ Space, I take pride in spearheading our dedicated team to achieve groundbreaking milestones. We recently celebrated the successful launch of our prototype rocket, a testament to our collective expertise and commitment. This accomplishment underscores APJ Space's commitment to advancing space exploration and technology. I look forward to leading our team to new heights and contributing to the forefront of innovation in the aerospace industry.
